**Related subject:** Bradford Electoral Review

For many years my property has been in the Wibsey/Bankfoot ward. At the last electoral review we were moved to the Wyke ward. This (I believe) was just to equalise the electoral numbers in each ward. The village of Wyke is well over a mile from my property and I accept that neighbouring areas have to be included with larger local "villages". However the estate where I live (Rooley Crescent/Dean Beck Avenue) is separated from the rest of the ward by:

South Bradford Golf Course/Toad Hole Beck

There is no street interconnection between my estate and the rest of the Wyke ward. However we are connected locally to the current Wibsey Ward.

We have nothing common with the rest of the Wyke ward and our councillors have no interest in our area as we are a small "voice" to them with different needs from the rest of the ward.
