Related subject: Reallocation of Shipley Constituency, away from Bradford Council Control

I live in Burley in Wharfedale and I would like our constancy to be removed from Bradford Council Control.

My reasons for this are;

- 1, Bradford in reality do very little for our village. It is not managed or maintained by Bradford it is mainly managed by Burley Parish Council.
- 2, Bradford Council went against the majority feeling of the village by supporting and encouraging the new development of 500 houses on green belt land. It therefore does not represent the consensus of feeling in our area.
- 3, Bradford Council continue to use our area as a "cash cow" whilst providing very little in return.
