## Comment text:

**Related subject:** Baildon

As residents of Baildon we no longer wish to be in Bradford Council boundary as we feel Bradford council are incompetent and believe they do not understand, take on board or represent the needs of our community.

We wish to have a change of boundary so that Baildon and Shipley are seperate from Bradford council.

We support the proposal of our local MPs Mr Philip Davies and Mr Robbie Moore to create a new boundary which will take Baildon out of the Bradford council boundary to create a new council which will represent the interests of Baildon and Shipley.
