Comment text:

Related subject: Colchester

The area of Holt Drive and side roads off are currently tagged as not voting in Colchester Elections and vote in County Elections with the Rural Part of Colchester, despite the fact the community there feel that they should be included in Maypole division (as is) along with their neighbours in Blackheath Rd, ash grove etc

I feel that the moving of this estate (known as polling district EC) into the maypole division would be appropriate . The community links to this estate are with Colchester and not with the more rural areas of Peldon, and Mersea

If the boundaries are altered then the more north western part could be tagged into the next division Westward

Second I feel strongly that accross Essex, where community links exist, that 2 member divisions should not be discounted
