Comment text:

I appreciate the Boundary commission works on the number of electorate. I am of an opinion that two points should not be overlooked:

Travel time is different from urban divisions

To travel from village to village around my division is over 100 miles.

Travel time to the 9 parish meetings each month should be considered.

The distance from the villages to Worcester, being at the edge of the County adds travel time.

A significant local economy focus

The largest of my villagers Broadway has a significant retail and hospitality offer, and two Museums this contributes to the work load of the divisional county councillor.
