As Chairman of the Hersham Residents Association, I am writing on behalf of all our members to express our objections about the proposals to remove Whiteley Village from Hersham and move it to Weybridge. Whiteley Village has always been associated with Hersham, is physically located in Hersham, has a Hersham postcode and transport connections to Hersham. There are no connections to Weybridge whatsoever, physical or otherwise. We know that the residents and management of Whiteley Village are also against this proposal to remove their connection to our village.
