Comment text:

Related subject: Carr Hill. Gateshead

Gateshead council is a disgrace, you have far too many councillors taking money out of the funds that should be spent on our communities. We don't need all of them. Leisure centres have closed so nowhere for kids or local people to go. Sunderland and Northumberland are investing money in their leisure centres. The streets are Gateshead are full of rubbish and the gardens a disgrace. Labour has been in charge of Gateshead for as long as I have been alive and have always put the blame on government funding when they should take responsibility for the mismanagement of funds. What happened to all the money you lost in Icelandic banks, brush that under the carpet. Do us all a favour and resign the lot of you.
