Comment text:

I write following up my email of 6th October.

We have now been in touch with neighbouring residents' associations and find that we are supported in our views by Hinchley Wood RA and Esher RA, both of whom receive strong electoral support as well as large memberships. We are also supported by Long Ditton RA and Oxshott Residents. These organisations together represent tens of thousands of residents in North East Surrey.

Once again, we urge you to reconsider these proposals for the reasons outlined in our earlier email
regards
