Comment text:

Related subject: Elmbridge - specificlly Thames Ditton and Long Ditton.

As a resident of Long Ditton I object strongly to the proposed electoral boundary change which would divide "the Dittons". Thames Ditton and Long Ditton have strong ties historically and are a community with significant shared facilities and interests. One Surrey County Councillor rightly serves the whole of the Dittons. It is unthinkable that an arbitrary electoral boundary should be created dividing this community. Any proposal must respect the established cultural boundaries as a priority while adjusting size of divisions appropriately. Long Ditton does not have the same strength of affinity with Hinchley Wood and Weston Green.
