Related subject: Oxshott

Oxshott has a population of about 5,000 plus people and I fundamentally reject the recommendations of LGBCE for the way in which it proposes to treat Oxshott. It is a community that is surrounded by Green Belt, has its own High Street, its own medical centre, its own schools, and its own train station. This proposal divides the Oxshott particularly by arbitrarily drawing a line down a main road and separates its residents and community. And there can be no justification for the obliteration of the name of Oxshott in the LGBCE recommendations.

The recommendations refer to Oxshott an orphan status whose population can be conveniently carved up to suit LGBCE's arithmetical requirements. It sacrifices the concept of community to the residents of Oxshott. I therefore politely request LGBCE to revise its recommendations on a basis that properly respects the second key consideration of LGBCE of "Ensuring that the recommendations reflect community identity". In my view this can best be done by retaining the existing boundaries whereby Oxshott continues to be part of the division of Hinchley Wood, Claygate & Oxshott.
