## Comment text:

[REDACTED]

- the-Commission's criteria trio balances 'electoral equality', 'effective & convenient local governance' and 'reflect community identity'.
- Virginia Water ward's 'community identity' and 'electoral equality' are best reflected in the recent 'S.I. 2019 No.126' see below;

•

The Runnymede (Electoral Changes) Order 2019  
2019 No. 126

- three (3) of Runnymede's district wards are to become BCE-review-2023 'building blocks' within the parliamentary BCE's Final Recommendations for the South East region of England: the Windsor [Gt Pk] CC of the near future;
- [surrey\\_-\\_dr\\_-\\_report.pdf](#) ([lgbce.org.uk](#))  
the-Commission's DRAFT recommendations for SURREY  
- prefer the railway line - proposes to - mutilate / butcher - divide Virginia Water district ward:  
we OBJECT as a lack of 'effective & convenient local governance' would result ...!

- Virginia Water's county - Electoral Division - would thus be represented by two (2) MPs: oh-dear, confusion ...!
- Englefield Green-&-Virginia Water wards MUST be represented by a single Member-of-Parliament,

the as proposed Windsor-CC, that is awaiting an ORDER-in-COUNCIL;  
... kind regards
