Comment text:

Related subject: Banstead

1 Banstead Village is the centre of the Borough in the north. It is not mentioned in the proposals. How can councillors be expected to represent the area or residents know that their interests are being put to the fore when its centre is treated as not being worth referring to.

2 The idea of Banstead South as an area with common interests is quite unacceptable. What do the people of Banstead know about Merstham or vice versa. Merstham residents would be more connected to Redhill.

3 What has happened to Dorking Rural on our boundary?

4 I will comment on the numbers of councillors later.
