Organisation Name: (Member of the public)

## Comment text:

**Related subject:** New Boundary

Electoral Equality is mentioned in the proposals and while the reasoning is understood it is important to keep villages and towns grouped together rather than dividing. The proposal to have half of Oxshott with Cobham and half with Esher/Claygate will mean the interests of Oxshott will be overlooked and ignored. Funding will be non existent. I am opposed to the boundary changes and feel it will be to the detriment of Oxshott residents.
