Related subject: Pyrford/West Byfleet ward boundary

I was born and raised in Pyrford. I was very upset a few years ago when the ward boundary was changed and I found myself in the alien West Byfleet ward. It is a result of an unnatural deep kink inserted into the boundary line over largely rural open spaces but scooped in my property. There is no obvious benefit of this irregular boundary line. Please straighten the boundary line as shown that allows my two properties just opposite Hare Hill Close and shown with a red star on the attached, (GU22 8UQ) to be once again in the Pyrford ward.
