**Related subject:** Long Ditton

I totally disagree with the proposal to align Long Ditton with Hinchley Wood as opposed to Thames Ditton. Long Ditton and Thames Ditton have always had very strong bonds. It is often difficult to tell the dividing line between our two areas. We are members of Dittons Skiffing Club and also members of the Ditton Library. Residents of both areas visit one another's shops and recreational facilities. I cannot see any logical reason why we should be separated and will be VERY upset if this comes to pass.
