## Comment text:

I write as a former [REDACTED] e, a regular visitor, residents' friend, spokesperson, and defender, with full understanding and acceptance of this retirement village's historical presence in the proud community known locally as Hersham Village. Together with its residents I was horrified by the notion that it might be moved for administrative convenience into neighbouring Weybridge, with whom it has no geographical connection or easy access. I therefore plead for its retention in Hersham where it rightly belongs.

Kind regards,

[REDACTED]
