## Comment text:

I strongly disagree with the recommendations of LGBCE regarding the treatment of Oxshott. We have our own community with a high street, station, schools, pub/restaurant, and a village centre. In my view, there can never be a justification for dividing a community by drawing a line down a main road. As far as I can see, Oxshott will no longer exist as a defined place in the LGBCE recommendations.

The recommendations sacrifices the concept of community and village. I therefore urge LGBCE to revise its recommendations on a basis that properly respects the second key consideration of LGBCE of “Ensuring that the recommendations reflect community identity”. The current recommendation clearly does not do so for Oxshott residents. In my view Oxshott should continue to be part of the division of Hinchley Wood, Claygate & Oxshott, thereby retaining our name and ensuring that Oxshott is fully considered as a whole in all future matters.
