Comment text:

I totally disagree with even more changes to boundaries in and around Hersham and Walton. We were badly served before when a large tract of Hersham was moved into an Esher ward. Opposite sides of the main road in and out of Hersham are now covered by two different councillors!! Now you want to move even more of Hersham - such as Whiteley Village - into a Weybridge ward. Will you not be satisfied until Hersham is wiped off the face of the map. I have lived here for nearly 50 years and am very distressed by what I see happening. Hersham Village should continue to have its own place and old/original boundaries should be returned/reapplied.

Thank you.
