We strongly object to the proposals for changing the boundaries in Elmbridge in so far as they impact Oxshott. Dividing our village by artificially creating a boundary through the A244, and in doing so effectively removing the ancient village of Oxshott from the map, as well as artificially splitting up our community, is unacceptable. This will result in loss of all important community identity and make it difficult for us to get proper representation within SCC as a village. The expunging of the name of Oxshott - which has survived (in various forms) since the pre-Norman invasion Anglo Saxon era - would be an act of cultural vandalism.
