I disagree with the separation of Long Ditton and Thames Ditton as I believe it will lead to more costly expenditure and wasted administration. 'The Dittons' are a community which are inter linked as they are not physically divided and both housing and their communities blend together, happily and share many key resources such as schools and recreational and other community facilities. I consider the proposal to separate Long Ditton and Thames Ditton is incongruent with The Boundary Commission's three main criteria: electoral equality, community identity and interests and effective and convenient local government.
