

# Surrey

## Personal Details:

Name: [REDACTED]  
Email: [REDACTED]  
Postcode: [REDACTED]  
Organisation Name: (Member of the public)

## Comment text:

**Related subject:** Oxshott

1. A244 should not be used for boundary as this artificially splits the village in half.
2. The village should be recognised as a whole village within one ward, with one councillor providing support, as it is a joined up community with FEDORA and the village shop owners providing very good support.
3. The oxshott village is large and should be acknowledged and named in the relevant ward name
4. If Oxshott is split across two wards, there will be a divide of opinions and issues and funding will become harder to access as neither ward will want to take ownership of a split village.
5. At a time of rising costs why is money being spent on changing boundaries which will lead to even more costs once changes are announced.
