**Related subject:** The Dittons

In my opinion this is another waste of good taxpayers money on a proposal that is completely unnecessary.

"The Ditton" Is exactly what it says it is and has done for a many number of years. Long Ditton and Thames Ditton as one!!!

I propose that if there is no better suggestions to use taxpayers money then maybe you could contribute these costs, which are??? to the fight to keep the Green belt area at Stokes a Green belt area for all the residents from "The Dittons" to use.
