## Comment text:

**Related subject:** Long Ditton

I do not agree with the proposed boundary changes and do not agree specifically with the splitting of Long Ditton from Thames Ditton.  
I see no value or benefit to the separation. Fixing problems elsewhere in Elmbridge only creates problems here. The Long Ditton and Thames Ditton communities are joined and share much in common. The residents I have spoken to want to stay aligned with Thames Ditton. We have a good Surrey Councillor who knows and looks after both wards well.  
Please do not accept these proposed changes, keep everything as it is today.  
No change please.
