## Comment text:

**Related subject:** Elmbridge - Long Ditton

I agree with the proposal to abolish the Dittons, in the process creating a new Division of Long Ditton & Hinchley Wood. The Dittons is dominated by the political residents' association of Thames Ditton, which does not cover Long Ditton, which has a politically neutral residents' association. This results in the interests of Thames Ditton dominating its neighbouring village, particularly as they stand candidates as Ditton Residents, instead of Thames Ditton Residents Association, which surely confuses people in Long Ditton into thinking they are voting for their local residents association. There are many connections between Long Ditton and Hinchley Wood and this makes a much more logical pairing than with Thames Ditton.
