Comment text:

I live in Weston Avenue, Thames Ditton and we are very much part of Thames Ditton as a village and a community. It doesn't make sense that when we vote we would be separated from Thames Ditton but included with Hinchley Wood where we have no link. Thames Ditton is our address and that is the area that we should be part of when voting.

Thames Ditton and Weston Green are very much linked and there doesn't seem to be a good reason to change this, particularly as it doesn't reflect the community identity or interests which is one of the main criteria. It certainly isn't effective or convenient for local government because Thames Ditton and Weston Green are already linked, and the Dittons as a division are already linked with effective working relationships. There is no current link between Thames Ditton and East Molesey, and Hampton Court Way creates a logical and physical boundary between these two villages. Also, as stated by the Thames Ditton & Weston Green residents association, the current electoral divisions create more electoral equality than the proposed divisions so it seems as though it is being changed for the sake of it with no good reason.

Please retain the current electoral divisions for this area.

Thank you
