This is regarding joining Long Ditton with Hinchley Wood. Long Ditton and Thames Ditton are know as 'The Dittons' and are one community with cross pollination in every sense. The center is between Long Ditton and Thames Ditton, this is opposite side to Hinchley Wood with which you propose to join Long Ditton and with which we have very little to do as the center of Hinchley Wood is some distance away. Thames Ditton and Long Ditton has a diverse set of facilities and is an integrated community please do not split the great community we proud to be part of 'The Dittons'.
