## Comment text:

I completely disagree with the proposals for new Surrey County Council Divisions with respect to how it adversely impacts “The Dittons”. The comprehensive submissions by both the “Thames Ditton & Weston Green Residents Association” and the “Long Ditton Residents Association” provide detailed evidence as to how the proposed boundary changes (a) are at odds with the Commission’s own criteria and (b) are detrimental to the historically unified community of Thames Ditton, Long Ditton and Weston Green. By contrast, the proposals, as well as not even being supported by Surrey County Council, are proposed without any explanation or justification. I urge you to reconsider these proposed changes for the reasons stated.

Regards
