Related subject: Oxshott

It is entirely unacceptable to divide Oxshott - a vibrant and cohesive village which has existed for centuries into 2 parts for no clear reason. The citizens of Oxshott wish to live and vote and be represented as one as that protects our rights best. The proposal to divide the town down the middle via the high street is a complete postcode lottery, divisive and akin to the Berlin Wall, and I say this as a Jew. As you will be aware, the Oxshott high street will be completely revamped in the coming years, again adding to the character and unity of the village. Shame on the Lib Dems and councillors for making such a ridiculous proposal!
