## Comment text:

**Related subject:** Reigate/Redhill West

The area around St Pauls Church consisting of Blackborough Road, The Chase, Blanford Mews, Fitzroy Place and Oak Way has again been put into an unrepresentative grouping. Previously we were attached to Meadvale and St Johns although we are in neither area and now we are being attached to Redhill. This area is part of the Reigate postcode area, our children go to Reigate Schools, we use Reigate shops and Reigate Public transport, so we should be represented by a Reigate Councillor?

This comes about because of an unrepresentative wards covering MSJ1 and MSJ4 which cover other parts of Redhill/St Johns that has been stretched to bring us in, even though we are in different communities. We should be added to a ward that can be put into Reigate where we belong.

This will also affect those living in Millway, Reigate Road and Wray Common Road who are also part of Reigate but now moved into a Redhill Ward.

Reigate and Redhill although being closely attached physically are very different in their constitution. Having an elected representative whose interests are not that of local people in Reigate, where we live means that we will not get proper representation. It needs to be clear we are part of Reigate and not Redhill for electoral and other purposes.

This needs amendment.
