Related subject: County Council division boundaries

I believe our parish (Norton-juxta-Kempsey) should continue to be part of Upton Snodsbury division. Along with many of our residents we wish to remain in a rural rather than urban locality. I appreciate development pressures around us i.e. SWUE and Parkway Garden Town are changing our surroundings, but this parish is still very rural and to be absorbed for example into a Worcester city division would be at odds with the nature of our village communities.
