## Comment text:

Dear Boundary Commission,

As a resident of [REDACTED] one of the streets affected by the boundary change, I would like to place on record my objection to this change. The streets to the east of Newcastle road (at least) are an integral part of Fulwell and are serviced by the schools, doctors surgery, shops and other services of Fulwell rather than those of Southwick.

I would like the boundary to be kept as is for these reasons.

Best regards,
