Comment text:

Dear Boundary Commission,

I reside at [REDACTED] Fulwell. Sunderland SR5 [REDACTED] and have done so for over 20 years.
I consider this property to be within the Fulwell area and thus fall into the Fulwell ward area of Sunderland.

My local facilities are in the Fulwell area, shops, schools, Dr's to name but a few.
I have never believed that my location is Southwick as the natural boundary line for the 2 constituencies is Newcastle Road, NOT the railway lines.

Please do not transfer my street to the Southwick ward. I have no link with Southwick, it's people, services or businesses.

I do not believe that Southwick councillors would understand the issues and concerns I have as a resident of Fulwell and believe that there would be a detrimental representation for this disputed area should the boundaries be changed as currently proposed.

Keep the Boundary at Newcastle Road.

Thank you
