I am writing to you regarding the alleged changes to the Fulwell boundaries. I think the boundary between Fulwell and southwick should be Newcastle road, not the railway line. The streets between Newcastle road and the railway line are an integral part of Fulwell that share community facilities such as sea road shops and more importantly schools.

House prices will drop if we are classed as southwick and my children attend Fulwell infant school. In my opinion this is a ludicrous idea and I do not support this in any way.

Kind regards

[REDACTED]
