**Related subject:** Hastings Hill

Hello

I have lived in Hastings Hill for the last 35 years and hearing that the council are trying to move us to be with Pennywell makes no sense at all.

We have a saying in industry that if something isn't broken then don't fix it and that aplies here.

We have at present a great deal of connection with the other estates such as parks, leisure facilities,schools and churches.

This is not true with Pennywell as the duel carriage way separates us .

So I totally agree with the Boundary Commission that it should remain as it is.

Many thanks

,
