Related subject: St Michael's Ward

I find it disgusting that you are splitting up St Michaels Ward the way you are. I will never refer to my property being within Grangetown ward, and there will be no sense of community for our property by breaking up the immediate surrounding area to us, both Grangetown and Hendon are quite a distance from me, with NO buses that service Leechmere Road that go to either of these central areas. Grouping the area here with Hendon is shocking, it is an area of poverty which will mean any funding that is given to the ward will be obliged to be spent in that area, and will not benefit the whole ward. Hendon Ward needs to remain independent or be grouped with the city centre. The services and facilities our family use are within Tunstall and Humbledon and i think our property would be best placed within that ward, with the new boundary set at Hellvelyn Road.
