Comment text:

Dear Boundary Commission,

I have received the new map of ward boundaries and note that my Fulwell address is going to be part of the Southwick ward rather than the Fulwell ward.

In my view the streets between Newcastle Road and the railway line should remain part of the Fulwell ward. My street is between Newcastle Road and the railway line and are all part of the Fulwell community. We share community facilities like Fulwell library, Fulwell infant and junior school and we do not share amenities west of Newcastle Road or in southwick.

The boundary between Fulwell and Southwick should be Newcastle Road, not the railway line.

Kind regards

[REDACTED]
