There are only 4 Wards out of the 8 Wards within the unparished area of High Wycombe that are wholly within the unparished boundaries. There is confusion with the public over who funds various requirements within the wards. Whereas those that are part of a parish can increase their precept, which is denied to those totally within the unparished area. All Councillors of the 8 Wards within the Town of High Wycombe are members of the High Wycombe Town Committee and are Charter Trustees of the Town and also are members of the High Wycombe Community Board. It would be beneficial to the residents of the unparished area if those representing them did not also represent parishes area. Serious consideration should be given to redraw the new Buckinghamshire Unitary Council wards so that there is no mixed representation which will reduce confusion. This is something I would like to see, the boundaries of the Wards representing the "true" unparished area are co-terminus with the boundary of the unparished area.
