

Our Conservative Group at TDC have considered the optimum size for the new post-review Council makeup and consider the difficulty of realigning Wards into 3 Councillor Wards quite challenging.

The current single Councillor Wards represent relatively small, separated, geographically isolated settlements, not easily linked to adjacent communities.

It is therefore our view that to amend boundaries effectively and ensure proper voter representation there should be 39 Councillors across 13 Wards.

Cllr Robin Bloore
Conservative Group Leader
Tandridge District Council
