I would like to pass comment on the District Council Wards of Cannock South and Cannock West, which form the Staffordshire County Council Division of Cannock Town. It has been suggested that part of Cannock North, Chads Moor be added to Cannock West. I believe this to be purely wrong. The Bevan Lee Estate and neighbouring Streets are part of Cannock East and with Cannock North, form the Division of Chads Moor. This is an naturally formed area, with a wonderful community, Junior Schools that dovetail as feeder schools for their High Schools, whilst those in CS and CW do so for Chase High School. I believe it would be wrong to break up these communities for political reasons, as appears to be being suggested. CS and CW are the two largest Wards on the Division and I believe they should be left as they are. This would be change for the sake of change and is not needed. As a previous Councillor for Cannock West and the current Staffordshire County Councillor for Cannock Town, I believe I have a better working knowledge of these areas than some of the people making the suggestions to have these changes. Thank you.
