

Tunbridge Wells Borough Council

Personal Details:

Name: Jeremy Ive

E-mail: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Capel United Church (Church of England and United Reformed Church)

Comment text:

My view is that Capel Parish should either: (1) continue to have its own representative because under the TW Local Plan substantial developments are planned for Tudeley and East Capel with a projected total of 4000 houses. Should this development go ahead, this should bring Capel up to a greatly increased size to justify keeping its own borough representative. Capel Civil Parish has an identity of its own which is best expressed through having its own borough representative. or if not (2) to be linked to West Paddock Wood, since there is projected housing between East Capel and West Paddock Wood making them continuous. The B2017 forms a continuous link between Capel and Paddock Wood. Also, residents of Five Oak Green especially look to Paddock Wood for the nearest station and shops in Commercial Road and surrounding. Further, a large proportion of the younger people go to Mascalls Academy, linking Capel to West Paddock Wood.
