Re: Tunbridge Wells – Consultation on new Ward Boundaries

18 February 2022

Dear Sir/Madam

Royal Wells Park is a new housing development by Berkeley Homes, completed in 2019, on the site of the old Kent and Sussex hospital in Culverden ward. It comprises two hundred properties in an area bounded by Culverden Park, St. Johns Road, Mount Ephraim, Royal Chase, and the south-eastern border of Great Culverden Park.

We have established a residents' association, formalised as a limited company 'RWP Residents Group Ltd', and have developed a lively and friendly community and established links with other residents groups in the Culverden area, and with our local councillors.

On behalf of the Board of RWP Residents Group Ltd, I am responding to the request for input to the consultation on new ward boundaries, to request that any new boundary of Culverden ward does not cut across the Royal Wells Park development, since this might negatively impact the establishment of a welcoming and inclusive community.

Yours sincerely

Dr Paul Bright
