Comment text:

Beaconsfield boundary needs attention. Gerrard's Cross is taking in too much of Beaconsfield. The church in Beaconsfield Old Town which has been the ceter of Beaconsfield for over 400 years would now be in Gerrard's Cross. Please use the M40 as the boundary and also move the foundry West out of Beaconsfield more towards Gerrard's Cross. Please look at this logically and look where the houses lie and make the boundaries round them and the large swaths of countryside between Beaconsfield and Gerard's Cross.
