Comment text:

I understand it is proposed that Beaconsfield Old Town should be separated from the New Town for electoral purposes and amalgamated with Gerrards Cross. Since the Old Town is essentially linked to Beaconsfield New Town it does not make any sense at all to divide what is an homogeneous community and link it to another town entirely which is some six miles away. I am strongly opposed to the suggestion that the boundary between Beaconsfield and Penn be moved so that the area of Knotty Green is removed from Penn Parish and amalgamated with Beaconsfield.
