Comment text:

I consider that the current ward of Penn Wood and Old Amersham is illogical as it separates Old Amersham from the rest of Amersham and links it to an area going right down towards Beaconsfield. I propose that the boundaries for this ward and Amersham & Chesham Bois be changed to provide one ward coincident with Penn parish and a separate ward that covers the combined areas of Amersham parish and Chesham Bois parish. If population numbers make a Penn ward too small, it should be more logically combined with Hazlemere or Tylers Green and Loudwater parishes.
