Organisation Name:

Comment text:

As a resident of Ivinghoe Ward and previous council candidate I would resist making Ivinghoe Ward any larger by adding bits or merging with Wing (this seems the only feasible geographic change). Ivinghoe Ward already already covers a very large area encompassing 11 villages/hamlets. If enlarged it would then cover too large an area that would make it even harder for a councillor to fairly represent all residents. Attending all parish council meetings of individual parishes monthly would be near impossible.
