My wife and I are residents of Beaconsfield Old Town. Our address is St Mary's Court, off Malthouse Square, but has previously been included in Gerrards Cross. Local residents regard the whole area South of Wattleton Road and East to the new Relief Road roundabout as 'Old Town'. This area is clearly a 'Community' and should not be split from the rest of Beaconsfield. At the last local election I had a conversation with a person at the Boundary Commission to express our surprise to find we had to vote for a Gerrards Cross representative, and pointed out this made no sense from a community point of view. He said you would be reviewing boundaries soon and that would be the time to appeal. In order to properly represent Beaconsfield, the Old Town needs to be part of the rest of Beaconsfield. I recommend the Eastern boundary for Beaconsfield should extend from Longbottom South down Potkiln Lane to the A40 and directly South from there to rejoin the A355 at the Motorway Services, this then becoming the Western boundary for Gerrards Cross. The Southern boundary should then extend West to the B4440. The Beaconsfield Northwestern boundary needs to include Forty Green, South to Holtspur and include all residential areas either side of the B474. In my opinion the changes I suggest would make little difference to the number of voters represented in Beaconsfield and Gerrards Cross.
