Organisation Name:

Comment text:

I can not see why we would need more Councillors. I think we have too many Councillors, and maybe the council should do as the rest of us, and reduce costs. FBC should budget properly and reduce their spending, we all have too. We, the residents, pay very high council tax, and FBC like to spend it. I have lived in Fareham for 26 years, and for all the money FBC have spent, I see little improvement. We are now going to be charged to park in car parks by the sea, this will make people park in the surrounding roads, causing havoc in the summer. The residents speak up, but the Councillors just do as they please.
