Comment text:

Thank you for the opportunity to comment. 1. Each new ward will incur additional costs in the form of additional councillors being paid over £100K per year in allowances, but this does not seem to feature in the considerations for the changes to the existing wards. In the current financial climate, how is the additional cost for new ward councillors going to be funded – another increase to council tax? Any changes to existing wards should be cost neutral. Any changes to existing wards should only be made when Welborne has developed sufficiently to justify it, i.e., when sufficient new house households are paying council tax as to pay for additional councillors. 2. I do not agree with the proposed change of name for the Titchfield ward. Meon is too generic. The ward should retain its title of Titchfield. 3. I suggest the proposed ward of Portsdown & Castle be called Portsdown & Portchester East. 4. I suggest that the proposed ward of Portchester Wicor be called Portchester West & Wicor. 5. I suggest the proposed ward of Hook-with-Warsash just be called Hook & Warsash.
