

Fareham Borough Council

Personal Details:

 
 
 

Comment text:

I strongly disagree with the repeated changes in boundaries for political reasons ... I do not trust Tories with my local environment nor the country nor the planet. Any changes in boundaries must be wholly conducted by totally independent bodies advised by equal numbers of politicians from all parties in addition to full public consultation. I also do not consent with my views being shared with other bodies outside the strictly necessary needs for the process of this consultation.
