Comment text:

I have a problem with the renaming of the West of Portchester to be called 'Portchester Wicor'. I have lived in Portchester all my life and the 'Wicor' reference was only used when people were talking about the factory in Wicor Mill Lane. I am sure anyone living north of the A27 would not associate themselves as living in the 'Wicor' area as they are nowhere near it. I have no problem with the Boundary just the name the district has been called!!!
